Car Park Update and Parking Restrictions

The temporary SIBCAS buildings will be craned into school next week.

To facilitate this, the school car park will be closed next week to cars and pedestrians, and the gates will be locked on Tuesday 25th, Wednesday 26th and Thursday 27th November. The section of road in front of Cavendish Park, opposite the car park entrance, needs to be kept clear for the cranes. Please do not park there. Cavendish Road will be blocked at some times in this area.

Please bear with us during this time, and set off for school 10 minutes earlier than normal, as finding a parking space will be very difficult. If at all possible, please walk to school. School starts at 8.50am as normal.

One parent has been given permission to park in the disabled bay at the front of school. The front gates will be open, but please do not drive in or drop off your children here. This is for the safety of everyone entering and leaving school.

Nursery Parents need to be aware there will be no entry from the car park as the car park gates will be locked, therefore they will need to gain access via the main playground. Parents of part time Nursery placed children will need to come via the main office to collect their children at the end of the morning session.

Thank you for your co-operation.
