## Racism

You just need to stop

It is old and wrong  
No matter the colour of your skin  
or the place you go to pray.

Or is you cover your hair

Or is you eat with your hands

Or is you speak a different language

Or is you travel

We're turning a new leaf,

As a society,  
as a country  
as the people we are,

Stop,  
Stop it now  
Racism

# STOP RACISM!

Racism is when someone is judged by their skin,

Racism is when a person feels they can never win,

Racism is something that is definitely banned,

Racism is when someone feels lost in deep sand,

Racism is when people are not treated fair,

Racism is when other people don't share,

Racism is something we should all look out for,

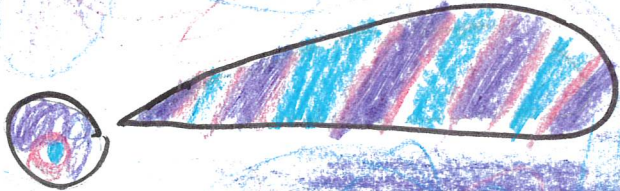

Racism is something that is AGAINST the Law,

Racism is when a person feels left out or sad,

Racism is something that is Really Really BAD.
